MarketWatch Pulse

CHICAGO — News Corp. Chief Operating Officer Chase Carey said Wednesday that Redbox DVD rental kiosks, located in an increasing number of locations across the U.S., represent a "problem" for the entertainment conglomerate because they offer new-release titles for rental at \$1 per disc. "I think making our content available for \$1 seriously undervalues it," Carey told analysts during a conference call, adding that the company is "actively" seeking ways to address the issue.
